WORK EXPERIENCE

Dehaat | Product Designer

Dec 2021 - July 2022

Dehaat is an agritech startup providing end-to-end solutions and services to the farming community in India. I worked on designing and automating the warehouse operations at Dehaat's output vertical.

HeyMath | Product Designer

June 2018 - Dec 2021

- I was in charge of developing the offline application for South Africa.
- I also helped develop a child progress tracking app for parents.
- Provided concepts and ideas for the restructuring and gamification for classes K1-4.
- Developed mockups and wireframes for numerous HeyMath products.
- Developed a dashboard that offered benchmarking test for administrators.
